Modiste M100 Shelving System

Designed & Crafted with meticulous attention to detail in Berlin, this solid wood and aluminium shelving system embodies the essence of modernist design. Each component is expertly crafted by skilled artisans, marrying traditional woodworking techniques with contemporary materials. The result is a fusion of elegance and functionality, seamlessly blending the warmth of solid wood with the sleekness of aluminium. Inspired by the timeless aesthetic of Poul Kjaerholm, every line and joint is carefully considered, reflecting a commitment to both form and function.

Whether used to display treasured books or showcase cherished collectibles, this meticulously crafted shelving system elevates any space with its understated sophistication and enduring quality.
